

# Roto Mining Station

A Complete Turnkey Solution for all your Mine Dewatering Needs

## Material of Construction

- Tank Capacity – 4000 Litres
- Tank – Mild Steel
- Base Plate – Mild Steel
- Line – Mild Steel
- Gate & NRV Valves – Cast Steel
- Pulley – Cast Iron
- Header – Mild Steel
- Ladder – Mild Steel
- Motor Mounting Stool – Mild Steel
- Guard – Aluminium
- Wire Mesh (Optional) – Stainless Steel 202
- Dimensions (L\*W\*H) - 4253\*2800\*2570 mm

## Pump Performance Range

Pump Model	Max. Flow	Max. Pressure
08	16 LPS	48 bar
10	28 LPS	36 bar

## Material of Construction

- Rotor –SS316 with Hard Chrome Plated  
Other Options Available – Duplex, Super Duplex & Tungsten Carbide Coating
- Stator – Hard & Soft Natural Nitrile/Rubber Elastomer  
Other Elastomer Grades are also available as an option
- Casing – Cast Iron, Fabricated Steel & Stainless Steel  
Other Options Available – Duplex, Super Duplex & Exotic Materials
